

COMMON AND AGREED NATIONAL GOALS FOR SCHOOLING IN AUSTRALIA

Ten national goals for schooling provide a framework for cooperation between schools, States, Territories and the Commonwealth. The goals are intended to assist schools and systems to develop specific objectives and strategies, particularly in the areas of curriculum and assessment.

- 1 To provide an excellent education for all young people, being one which develops their talents and capacities to full potential, and is relevant to the social, cultural and economic needs of the nation.
- 2 To enable all students to achieve high standards of learning and to develop self-confidence, optimism, high self-esteem, respect for others, and achievement of personal excellence.
- 3 To promote equality of education opportunities, and to provide for groups with special learning requirements.
- 4 To respond to the current and emerging economic and social needs of the nation, and to provide those skills which will allow students maximum flexibility and adaptability in their future employment and other aspects of life.
- 5 To provide a foundation for further education and training, in terms of knowledge and skills, respect for learning and positive attitudes for life-long education.

At the July 1996 MCEETYA meeting the following goal was added:

That every child leaving primary school should be able to read, write, spell and communicate at an appropriate level.*

* In March, 1997 this goal was amended to include numeracy.
